

SOLUTION SHEET

FIGHTER Contract

Contract Overview

The Facilities, Infrastructure, Geospatial, Homeland Security, Technical Support Services and Environmental Requirements (FIGHTER) contract (W912HZ-05-D-0013) delivers a comprehensive solution, with an emphasis on services, software, hardware, and support.

FIGHTER is an Indefinite Delivery/Indefinite Quantity (IDIQ) contract, with a base period of four years with three two-year option periods. The U.S. Army Corps of Engineers awarded the FIGHTER contract to Tyonek Native Corporation, an 8(a) Alaska Native Corporation, in September 2005, with Intergraph as the primary subcontractor. FIGHTER serves as the replacement of the U.S. Navy's Installation Management Facilities CAD2 (IM/FCAD2) contract.

Who Can Use

The FIGHTER contract is managed by the CADD/GIS Technology Center. The following partnering agencies are authorized to purchase. Additional authorized buyers will be added as other agencies join the Center as partners. The partnering agencies include:

- Department of Defense (DoD)
 - U.S. Army
 - U.S. Navy
 - U.S. Air Force
 - U.S. Marine Corps
- Department of Homeland Security (DHS)
- U.S. Coast Guard
- Defense Logistics Agency (DLA)
- U.S. Geological Survey (USGS)
- National Aeronautics and Space Administration (NASA)
- General Services Administration (GSA)
- Environmental Protection Agency (EPA)
- Department of Justice (DOJ)
- Smithsonian Institute
- Federal Aviation Administration (FAA)

Scope of Offerings

FIGHTER allows Time-and-Materials (T&M) and Firm-Fixed Price (FFP) and type task orders. The contract provides products and services in support of the following technology areas:

Benefits of FIGHTER Contract

- Flexible, easy-to-use contract
- Decentralized ordering
- User-friendly hardware and software catalogues
- Performance-based contracting
- Availability to all Department of Defense (DoD) and other selected agencies
- Quick order turnaround time
- Access to latest information technology solutions
- IDIQ contract
- 8(a) small business credits

- **Facilities/installation management**
 - Geographic information systems (GIS)
 - Information technology (IT)
 - Infrastructure security
- **Public safety**
 - Emergency management and response applications
 - Computer-aided dispatch (CAD)
 - Geographic information systems (GIS)
- **Security**
 - Information assurance
 - Physical security

 - IT security
- **Productivity consulting**
 - Business process redesign
 - Knowledge management
 - E-business
- **Geographic information systems**
 - Aerial surveys
 - Cartography
 - Photogrammetry
- **Information technology**
 - Database management
 - Document management
 - Records management
 - Systems integration
 - On-site support
- **Computer-aided design and drafting (CADD)**

Through its product and service offerings, FIGHTER helps to provide protection and management of physical assets, operations, and people.

How to Use

The FIGHTER contract allows for decentralized and centralized ordering to meet your acquisition needs.

Ordering Contracting Officers (CO) for authorized buyers can place orders within the terms of this contract and within the contracting officer's authority. Contracting Officers have the authority to place orders directly against this contract (decentralized ordering) or through the Vicksburg Consolidated Contracting Office (VCCO) (centralized ordering). Specific ordering information can be found at www.fightercontract.com/howtobuy.html.
